

NORWOOD

NEVER ORDINARY

To our valued customers,

◆ **Norquest quoting software up-comming addition to the Clad products:**

➤ We will offer a “clad frame expander” where you have the nailing fin option in Norquest. Those are the exterior mull caps in three available sizes (1 5/16”, 1 3/4” or 4 5/8”) and you can rip down to the needed size. They will default to all 4 sides in the software but you can also chose to have one for the head only, left or right side only or sill only. They will be provided loose for you to cut down and install on site.

◆ **Reminder ;**

➤ We have a 5% price increase effective April 1st, 2019 on all products except the Norclad line, if you have orders to place before the increase.
