

NORWOOD

NEVER ORDINARY

◆ Norquest quoting software changes PK608:

- 500 series DH/SH products will now show directional arrows to indicate operation. If you don't see any arrows, that means the unit is fixed.
- Norclad french doors: You will now be able to chose the 3 ½" stiles and head rail and the 4 19/32" sill rail as many of you have requested.
- Slimline doors will now have the automatic gear to match other door handles with the keylock located over the handle.
- Roma handle will be available on the smaller 3 ½" stiles for the wood or clad french doors. Not available on the folding system as the handle protrusion is longer than the available door holds.
- Addition; The new 5/8" true putty aluminum clad bar is now in Norquest to select.

◆ Misc trim options:

How to use MISC Exterior Casing in Norquest; You have a few available options and it is important how you enter them to get the right sizes;

- Casing w/ Subsill, Casing, Pediment H & Sides, Pediment Head & Pillaster : you input the frame WIDTH AND HEIGHT of the original unit that the trim needs to be re-ordered. This options comes with Head, Sill, Left & Right Sides [All Around the unit / 4 pieces] cut to fit the original window.
- Casing Only, Subsill Only: you just need to input the frame WIDTH (this acts as the length needed). This options comes with one long length of casing/subsill [1 piece].
- Build your own: depending on what options you choose you can get 4 pieces [all around/4 pieces] or one long length only[1 piece].

◆ Product running change:

- All square sdl bars will no longer have a 5 degree bevel. We will deplete the existing stock first so please specify at order entry if you don't want the bevel.

◆ Norclad finish pricing;

- Clarification : We offer 9 clad standard finish options in 2605. If you want one of our Wood available colors with a 2603, chose Norcoat on clad in our quoting software. Good news, we can have our Norcoat colors matched for a 2605 finish and those will be considered custom clad colors and the add on will be \$2,000.00 list per job.
